

# GEIGER

TEXTILES

## Academy Collection

DESIGNED BY BASSAMFELLOWS

The three patterns that make up the Academy Collection not only meet the strict Geiger Textiles aesthetic standard, but also the exacting standards of our most environmentally conscious clients. Developed in collaboration with a leading European mill that specializes in chemical additive-free textiles, each pattern is woven from hypoallergenic yarns to achieve Healthier Hospital and WELL certifications. The resulting collection merges timeless character and a focused palette with support for health, wellness, and sustainability initiatives.

## CHESWICK

Cheswick's natural appeal is a result of its toothy, split-rock texture. A modern rep weave, Cheswick offers textural dimensionality thanks to its ridged warp, created by alternating thick and thin ribs. Woven from hypoallergenic, OEKO-TEX®-certified bouclé yarns, Cheswick contributes to health, wellness, and sustainability initiatives. Available in five colorways.

APPLICATION	Seating, Geiger Tackboards
CONTENT	55% Acrylic, 45% Polyester

NO. OF COLORWAYS	5
PRICE GROUP	5
NET PRICE	\$58 per yard
NOTE	Bleach Cleanable

## HOUNDSTOOTH CHECK

Patterns inspired by classic menswear represent a recurring motif across our Geiger Textiles offer. Houndstooth Check picks up the mantle with its pebbled, deconstructed weave. A bouclé yarn manifests itself as a broken check, creating the characteristic duotone graphic pattern. Houndstooth Check is available in four bleach-cleanable colorways, woven from OEKO-TEX®-certified yarns for reduced toxicity.

APPLICATION	Seating, Geiger Tackboards
CONTENT	66% Acrylic, 34% Polyester

## TENON

While technically not a frieze, Tenon does provide a similarly irresistible depth of character when upholstered. Woven from multi-colored, OEKO-TEX®-certified bouclé yarns, Tenon is an orderly pattern with a soft hand. It's also high-performing, bleach-cleanable, and free of chemical additives. Tenon's three colorways coordinate beautifully with the other two Academy Collection patterns.

APPLICATION	Seating, Geiger Tackboards
CONTENT	63% Acrylic, 37% Polyester
ABRASION	95,000 Double Rubs, Wyzenbeek
