TEXTILES

## Solene Collection

DESIGNED BY BASSAMFELLOWS

For the Solene Collection, BassamFellows created a summery suite of textiles appropriate for all climates. Inspired by traditional Scandinavian household linens and upholstery, the four woven patterns range from a small-scale plain weave reminiscent of sailcloth, to a chunky basket weave with greater depth of both color and texture. With a name derived from the Swedish word for “sun,” the Solene Collection brings a lightness and freshness to the Geiger Textiles line, adding diverse choices while continuing to round out our foundational offer.

## KALISTA

Space-dyed yarns in the weft give Kalista its slightly striated appearance. The contrast between these yarns and the warp produces a subtle sheen reminiscent of the look of fine linen. A basketweave construction, Kalista's soft hand is due to its content, which is predominately recycled cotton from the apparel industry.

|                  |  |
|------------------|--|
| APPLICATION      | Seating, Geiger Tackboards   |
| CONTENT          | 71% Post-Industrial Recycled Cotton, 18% Post-Industrial Recycled Polyester, 11% Polyester |
| FINISH           | PFOA-Free Stain Resistant  |
| ABRASION         | 90,000 Double Rubs, Wyzenbeek  |
| FLAMMABILITY     | CA TB 117-2013   |
| NO. OF COLORWAYS | 12   |
| PRICE GROUP      | 4  |
| NET PRICE        | \$42 Per Yard  |

## SAILLE

The uniform plain weave of Saille uses two yarn colors to create the effect of a classic sailcloth. At \$32 per yard, Saille is a versatile foundation textile suitable for nearly all Geiger seating.

| NET PRICE        | \$34 Per Yard                 |

## SOMMAR

Sommar's medium scale is created using neutral multicolored yarns that crisscross for a soft, handwoven look using modern loom technology. While Sommar is approved for general contract use, it is not recommended for high traffic applications.

|                  |  |

| NO. OF COLORWAYS | 8                                      |
| PRICE GROUP      | 6                                      |
| NET PRICE        | \$70 Per Yard                          |

## VAVARE

This chunky basketweave combines thicker and thinner cotton yarns in the weft to create its dynamic, large-scale textural appeal. Vavare has a cool and soft hand suitable for warmer climates.

|                  |  |
|------------------|--|
| APPLICATION      | Seating, Geiger Tackboards   |
| CONTENT          | 50% Post-Industrial Recycled Cotton, 28% Cotton, 13% Polyester, 9% Acrylic |
| FINISH           | PFOA-Free Stain Resistant  |
| BACKING          | Acrylic  |
